Papers with positive review will be published in the quarterly PTSK "Simulation in research and development" (MNiSW list - 5 pts.)

Selected articles, extended, in English, will be submitted for publication in the Technical Transactions (MNiSW List - 13 pts.), or Archives of Transport (MNiSW List - 14pts.).

PRESENTATION

Conference language: Polish or English.
Presentation of papers will be held in plenary and sectional sessions. Multimedia projectors will be available for presenters. Multimedia presentations should be prepared in the Microsoft PowerPoint or PDF standard.

Workshop topics:

- simulation research methodology
- methods and simulation techniques
- study of the simulators effectiveness
- simulation in economics and logistics
- emergencies simulation models
- simulation models of fight
- simulation in physics
- simulation in materials science and nanotechnology
- simulation in mechanics and biomechanics
- simulation of transport and railway engineering
- simulation in electrical engineering and electronics
- simulation in power engineering
- simulation in automation and robotics
- simulation of production processes
- simulation and evolutionary algorithms
- simulation and artificial intelligence
- simulation and neural networks
- simulation in the emergency
- simulation in chemistry, biology and medicine

Conditions of participation

The cost of participation in the workshops include accommodation, meals, other events, publications of articles, and are as follows:

- 1350 zł – full fee,
- 1300 zł - for PTSK members who have paid membership fees for the 2017 year,
